EDUCATION:

G.H. Raison College of Engineering & Management, Pune - Pune, MH

Bachelor of Technology (B.Tech) in Computer Engineering CGPA: 7.50/10

2023-2027

TECH SKILLS:

Languages: Java, Python, JavaScript, TypeScript, SQL, HTML/CSS

Libraries & Frameworks: React.js, Next.js, React Native, Express.js, Tailwind CSS, Scikit-learn, SQLAlchemy

Tools & Platforms: Git/GitHub, VScode, GitHub Actions, Docker, Postman, Power BI

Databases: MongoDB, PostgreSQL, MySQL, SQLite

Core Competencies: Data Structures & Algorithms, Artificial Intelligence, System Design, Agentic AI

PROFESSIONAL EXPERIENCE:

Full Stack Development Intern — Skillbit Technologies Jun 2025 – Jul 2025 Remote | 1 Month

- Developed and deployed end-to-end full stack web applications using modern technologies including HTML, CSS, JavaScript, React, and Node.js.
- Applied practical knowledge of RESTful APIs and followed Agile workflows to ensure timely delivery and contribute to improved project efficiency.
- Actively participated in code reviews, identifying issues and contributing suggestions to enhance code quality and promote collaborative team learning.

Tata Consultancy Services (via Forage)

GenAI Powered Data Analytics Job Simulation Aug'25

- Built GenAI-powered data analytics solutions, leveraging prompt engineering to extract actionable business insights from structured datasets
- Analyzed sales/marketing data using Python and presented findings through stakeholder-ready visual reports

Amazon Web Services (AWS)

Solutions Architecture Job Simulation Oct'25

- Designed scalable, cost-optimized cloud architecture solutions for a simulated client use case, applying AWS Well-Architected Framework principles
- Recommended appropriate AWS services (EC2, S3, etc.) based on client requirements, balancing performance, security, and cost

PROJECTS:

Weather Dashboard

- Built a responsive weather application that fetches real-time weather data using an API.
- Implemented city-based search and geolocation features for personalized weather updates.

Technologies: HTML, CSS, JavaScript, API Integration

CERTIFICATIONS:

-
- Tata – GenAI Powered Data Analytics Job Simulation — Forage (August 2025)
 - Deloitte Australia – Data Analytics Job Simulation — Forage (July 2025)
 - Market Research Experience Program — Finlatics (July 2025)
